Consumption and Asthma Cured by Inlaniation.—This is the proper method of treating lung diseases, and Dr. Curtis's Hygeam appears to us the more preferable from its simplicity as well as efficacy. Disearding entirely the use of the tube, the patient inhales in a natural manner the curative preparation, and in all cases, we believe, with the happiest effect. Invalids, suffering from asthma, or lung diseases, should test the virtue of Dr. Curtis's discovery.
